'Open House' On 50th Anniversary Armada Oldtimers

Mr. and Mrs. Chris Boe, well-district and later of Vulcan celebrated their golden wedding anniversary Saturday, March 8, by holding open house to some 60 friends who called to wish them happiness and to congratulate them.

Chris Boe and Helen Carlson were married in North Dakota on March 8, 1908 and came to Canada in 1914, taking up farming near Armada, where they continued to live until retiring to Vulcan seven years ago.

The couple have one daughter and four sons: Mrs. Fred Kitten of the Drumheller district is their daughter and three sons, Harvey, Rueben and Arnold who farm at Armada and Mervin who lives at New Westminster, B.C. They also have five grandchildren.

Present from a distance to help them celebrate were Mr. and Mrs. Mervin Boe; two granddaughters, Margaret and Wanda Ritten of Calgary; also Mr. Boe's brother-in-law and sister, Mr. and Mrs. Martin Hanson; Mrs. Violet Burns and Kenneth Burns and Mrs. Lyle Christenson all of Calgary.

A beautifully decorated wedding cake held the place of honor on the tea table and bouquets of flowers completed the arrangements. Mrs. Boe received her guests wearing a dusky rose afternoon gown, with corsage.

The many friends who were unable to be present for this occasion join in extending best wishes for many more anniversaries to this well esteemed couple, both in their 70's.

The rink of Ray Wellman, Ron Marshall, Bob Hill and Tom Webster, Jr., won the local Elk's Bonspiel last Wednesday when they staged a last end rally to score a six-ender when they were five down coming home. Victims of this oddity and winners of second spot were Gale Atkinson, Dave Crabber, Mev. Eamorr and Frank Hess. Winners of the consolation were Frank Fletcher, Bill Burley, G. Nelson and L. their Hard Red spring wheat. The group attended a luncheon after this they toured the Malting Company Plant, then ended the day with a visit to the TV station.

THE WEATHER

Frequent snow flurries with occasional strong winds caused many side roads and parts of 23 highway to become snow-blocked over the weekend and county snow-plows have been busy. Temperatures have, fortunately, stayed in the 10 to 30 above range, with a forecast high for Wednesday of 33 above.

Banks - Fletcher Rites At Calgary

A quiet wedding of interest here was solemnized at St. Gabriel's Anglican Church, Calgary, at 7 p.m. Friday, March 7, when Rev. E. A. Justice united in marriage Barbara Lee, only daughter of Mr. and Mrs. Bill Fletcher of Brant and B. Warren Banks, elder son of Mr. and Mrs. Bev. Banks of Vulcan.

Given in marriage by her father, the bride wore a beige wool suit, with matching accessories and carried a white Bible mounted with an known old-timers of the Armada orchid and from which fell white satin streamers knotted with rosebuds.

Miss Gloria Jorstad, wearing a blue suit with pink accessories and pink corsage, was bride's maid. Garry Banks attended his brother as best man.

A reception for members of the immediate families was held following the ceremony, at the home of Mr. and Mrs. Fred Killian. The bride's table was centered with a decorated wedding cake, flanked by tall tapers and bowls of flowers.

Mr. and Mrs. Warren Banks will make their home on 29th Ave., N.W., in Calgary.

Walter Mays Dies At Age of 74

Funeral services for Walter H. Mays, aged 74 years, who passed away Thursday, March 6, at the General Hospital in Calgary, following an illness of a year, were held Thursday at 2 o'clock from St. Aldhelm's Anglican Church, Rev. R. H. Johnson officiating.

Born at Briston, Norfolk, England in 1883, Mr. Mays came to Canada in 1901, residing at Nanton and Rosbud before coming to Vulcan in 1916. He had lived here since then and had for many years been engaged in the carpentry business.

He was married in 1937 to Miss Doris Jones, who survives him. They had one son, Trevor at home. He had been a member of the Samaritan Lodge I.O.O.F. since coming to Vulcan, having received his 40 year jewel some time ago. He was also a member of Vulcan branch of the Canadian Legion.

Surviving him besides his wife and son are three sisters in England.

Special graveside services were conducted by the I.O.O.F. Lodge and interment was made in the Vulcan cemetery.

The road to success runs uphill, so don't expect to break any speed records.

Vulcan Winner Of Season's Final Hockey Game

They waited two and a half weeks for ice conditions to permit last Sunday's game and with a final score of Vulcan 18, Calgary Commercial Tire 8, the game was hardly worth the wait. It was not a case of Legionnaires being that good — a shortage of regular players caused disorganized lines — there must have been something lacking in the visitor's camp.

Gorbous with six goals and Jordan's five, led the Vulcan onslaught while Ronnie Marshall came along with three. Kehr had two and Bobbie Dann and Larkins produced one each to make up the eighteen.

It is likely that with Sunday's game senior hockey will have run its course in Vulcan for the season. With the arrival of March, ice conditions are too uncertain to guarantee a playing surface between the time the game is advertised and the day of the affair.

A five week season was the best that the weather would permit and in that time the club built up a fair number of favorable statistics. They played eight games, won seven and drew a tie in one. Including two top-sided 16-2 and 18-3 meetings, the Legionnaires scored 55 goals and were scored upon 33 times.

The boys suffered no serious injuries and came out able to pay

Goodwill Trip

Lethbridge C of C Members Enjoy Nobleford-Vulcan Trip

About 60 members of the Lethbridge Chamber of Commerce accompanied by 25 members of the Vulcan District Board of Trade, enjoyed an interesting tour of the Noble Cultivators Ltd., manufacturing plant and cattle feed lots at Nobleford on Tuesday of this week and ended the day with a sumptuous turkey dinner in the I.O.O.F. Hall at Vulcan in the evening.

The visitors were welcomed to Vulcan by Board of Trade president Gerry Ness and Mayor William Munro. In reply, president W. E. Huckvale of the Lethbridge Chamber, extolled Vulcan's hospitality. It's reputation as one of the most progressive towns in Southern Alberta was well deserved, he said. He hoped that when Vulcan and district residents found occasion to go to the city they would visit Lethbridge and he expressed the intention of the Lethbridge Chamber of Commerce to have members of the Vulcan Board of Trade as guests at some early date.

W. A. Shields, past president, introduced the speaker, Ted Krutzer of Fort Macleod, whose short but thoughtful address dealt with the philosophy of every-day living — of "being a friend to man."

Hunter - Schneider Wedding Rites

The Vulcan United Church was the scene of a pretty late winter wedding Saturday, March 8, when the Rev. E. G. Hansell officiated at the double-ring ceremony, uniting in marriage Mary Helen, daughter of Mr. and Mrs. John Hunter, Warner, formerly of Vulcan, and Harold Lindsay Schneider, son of Mr. and Mrs. O. H. Schneider of Champion, also former residents here.

Bouquets of spring flowers and pots of fern were used to decorate the church and guest pews were marked with bows of white net centered by a single white daisy.

To the strains of the "Wedding March," played by Miss Marianne Burns, the bride entered the church on the arm of her father, who gave her in marriage. Her waltz-length gown was of shell pink nylon lace over taffeta and featured a fitted bodice and full skirt. A chapel veil misted from a jeweled head piece and she carried a white Bible mounted by an orchid and with streamers of white satin.

Miss Shirley Hutton as bride's maid and Miss Irene Earl as maid of honor attended the bride and wore similarly styled gowns of coral and primrose, with complementing accessories and small feathered bandeaus. They each carried bouquets of blue carnations.

The groom was attended by his brother, Donald Schneider, as best man and guests were ushered by

Well Attended Meeting

Hansell and Kindt Clash At Political Forum

Verbal brickbats flew briefly on two occasions between PC candidate Dr. L. E. Kindt of High River and E. G. Hansell, Social Credit M.P., for the Macleod constituency at the political forum held here Monday evening. Dr. Kindt and Mr. Hansell were two of four candidates who addressed a well attended meeting, sponsored by District 12, F.U.A. Other speakers were James Derrick of High River who is running on the Liberal ticket and Jack Griffin of Fort Macleod for the C.C.F.

The questions which provoked rather heated arguments were the enactment of the Prices Support Bill and a proposed market for Crow's Nest coal in Japan.

Mr. Hansell, the first speaker, strongly maintained that the Prices Support Bill as it was presented in its original form was a monstrosity and that opposition parties refused to vote for it and he claimed that nine amendments to the bill were insisted upon before the bill became legislation.

Even then, Mr. Hansell maintains the bill contains, "No resemblance of parity — it is merely a support bill." Trade must be maintained — but not trade wars, he said.

The Liberal policy, as outlined by Mr. Derrick, proposes to cut taxes by 400 million dollars; double exemptions for newly married couples; abolish the 7½% excise tax on cars; pay off the National debt and budget surpluses. To continue family allowances to 18 years if child continues his education; to reduce the age to 60 years for widows to receive old age pensions; interest free loans to students attending university until one year after graduation; unemployment insurance extended in case of illness; corporation taxes reduced by one-half. The Liberal agricultural policy calls for the right of farmers to deliver grain to elevators of their choice; for short term, long range credit to farmers and an assured price of \$1.50 per bushel basis No. 1 Northern at Fort William and further subsidizing of farm products; increasing quotas in areas dependent on grain shipments and deficiency payments. Mr. Derrick took exception to the PC trade policy and stressed the need of maintaining trade with the U.S., especially for livestock and he favored the export of natural gas.

Chairman for the evening was Douglas Galbraith, alternate director of District 12 of the F.U.A.

Dr. Kindt outlined the record of the Deifenbaker government, which he said contained a flexible price support program which will be maintained at 80% of the floor price set by the Wheat Board. The income tax structure, as it applies to farmers, must be overhauled, said Dr. Kindt, and the statute of limitations be abolished. He took exception to the charge that the Deifenbaker government was responsible for the recession and said that they had inherited it. In rebuttal, Dr. Kindt was taken to task by Mr. Hansell who quipped, "If the Prime Minister did not like the inheritance he could easily hand it back to the Liberals."

A social security program providing more adequate pensions had already been instituted and would be enlarged upon.

During the question period, a market for the Crow's Nest coal was discussed and it was stated that the Dominion Coal Board was seeking markets all over the world for this commodity but that Canadian coal must compete with other countries and that in the case of Japan coal could be bought cheaper elsewhere. This was due partly to our coal having to be shipped via the U.S.A. as at the present time there are no loading facilities at Vancouver. Dr. Kindt stated that arrangements were now in progress for providing facilities at Vancouver.

Chairman for the evening was Douglas Galbraith, alternate director of District 12 of the F.U.A.

Christopher Dann Heads Y.P. Group

Nineteen young people met in the auditorium of the Church of Christ Tuesday evening, Feb. 25, to form a Senior Young People's Group.

The evening began with an educational devotional, presented by Mr. Hansell. This was followed by a business meeting wherein the following officers were elected: Christopher Dann, president; Lynn Spaeth, vice-president; Dianne Masters, secretary, and Ren Scotney, treasurer. Capable leaders were chosen for the various committees and the evening came to a close with two humorous games.

The scales of justice might well be called the trial balance.

Annual Meeting of Presbytery W.A.

The High River Presbytery Women's Association of the United Church of Canada, held their annual meeting at Claresholm United Church on March 3, with President Mrs. T. L. Sandeman of Okotoks in the chair.

The Claresholm Jr. W.A., served hot coffee and cookies to the delegates on arrival. The theme for the day's meeting was Stewardship. Morning Devotions were led by Mrs. G. Cameron, Mrs. F. Cummings and Mrs. McKelvey of Cayley W.A. A study on "The Parable of the Talents" set the tone for the day. A cordial welcome was extended by the president of the Claresholm W.A. and Rev. J. Huston of Champion expressed good wishes with Mrs. B. Walker bringing greetings from the Presbytery W.M.S.

Reports of the year's work were presented by the executive conveners. These reports prove very interesting and reveal the many projects and varied activities carried on by groups of devoted women throughout the presbytery. The literature convener, Mrs. McKelvey of Cayley displayed many splendid packets, books and

booklets. She urged members to make use of the fine helpful material available.

The corresponding secretary, Mrs. S. Noble of Okotoks, reported 636 members in 22 High River Presbytery Women's Associations had recorded 2347 visits to ill and shut-ins and had raised \$18,422.00 of which \$2881 had been spent on manse and \$588 on Sunday School work.

Mrs. A. D. Bowman, High River who is a member of the executive of Conference W.A. presented the Christian citizenship in absence of Mrs. H. B. MacLeod who is ill. Work done by the WA during 1957 was reported under topics: Social Welfare, Senior Citizen, Temperance, United Nations and Christian Family Life. Mrs. Bowman urged the members to read and study so as to become better informed to work in these important fields.

The delegates enjoyed the hearty noon luncheon expertly served by the members of the Claresholm W.M.S. Auxiliary.

The afternoon session was opened with devotions led by the Gladys W.A. ladies. Mrs. P. Randle at the piano, Mrs. Groenvelt, Mrs. Spangler and Mrs. H. Meadows.

Delegates elected to attend the Alberta Conference W.A. at Red Deer on April 15, 16 and 17 were Mrs. Marshall, Nanton; Mrs. Ramage, Claresholm; Mrs. Henker, Granum; Mrs. Hess, Vulcan; Mrs. C. Lavery, High River, and Mrs. T. L. Sandeman of Okotoks.

A very pleasant interlude was much enjoyed by the delegates when Rev. E. Oldring, Claresholm, addressed the meeting on "Minister's Vacation Exchange." Roll call of the 83 delegates were answered by two minutes response on Stewardship by each local president, proved inspiring and beneficial.

Claresholm W.A. conducted a solemn Memorial Service to honor the memory of eight departed members concluding with a lovely duet, "Beautiful Isle of Somewhere" by Messdames Thomas and Oldring with Mrs. Soby pianist and a poem "In My Father's House" read by Mrs. Dickinson.

The Scholarship Fund was enriched by the offering of \$26.85.

The history of each association written last year and condensed for the conference were read by Mesdames Towell, Meadows and Miss Farries was enjoyed and quite interesting as names and activities of pioneers and early settlers were recalled.

Mrs. J. M. Fawcett presented the slate of officers for 1958, with the installation read by Rev. J. Huston. Mrs. Meadows of Blackie expressed grateful appreciation for the gracious hospitality of Claresholm ladies and expressed thanks to all officers and members for the harmonious meeting.

Claresholm Sr. W.A. served afternoon tea in their beautiful Harrison Hall to conclude a very successful annual meeting.

Melvin Schneider and Glen Calhoun.

During the signing of the register Jerry Wylie accompanied by Miss Burns sang, "I Love You Truly".

Following the ceremony a reception for some 50 guests was held in the church parlors. Pink and white roses and bowls of flowers decorated the bride's table which was centered with a three-tiered wedding cake, topped by a miniature bride and groom.

Receiving with bridal couple were the parents of both and grandfather of the bride, J. H. Hunter. Mrs. Hunter chose for her daughter's wedding an afternoon gown of navy blue lace, with which she wore pink accessories and a corsage of pink carnations. The mother of the groom wore a sand-colored suit-dress complemented with pink accessories and her corsage too, was of pink carnations.

The ladies of the church served a delicious hot dinner. The toast to the bride was proposed by Russ Lawrence and responded to by the groom. Mr. Hansell too, was called on to give a message to the young people. This he did most ably, pointing out the effort required to make a house a home.

Jerry Wylie again sang an appropriate song, this time choosing, "Because."

Later Mr. and Mrs. Schneider left for a short honeymoon at Great Falls; with the bride changing to a suit of mint green with which she wore natural toned accessories. They will make their home in Vulcan.

Guests coming from a distance for the wedding were Mr. and Mrs. Roy Craig and Mr. and Mrs. James Craig of Carmangay; Mrs. George McIntosh and Mrs. R. F. Allen of Calgary. A wire of congratulations was received from Mr. and Mrs. Bill Drury and family of Seattle, Wash.

A former Kirkcaldy girl now residing at Hoadley, Alta., Sally Carnegie was crowned queen of the ice carnival held at Winfield recently. The top picture shows the queen with one of her attendants and the second picture shows Pat Hengel and Miss Carnegie, who

starred in a waltz number. Sally's mother is the former Dora Mueller of Champion and two other former Champion residents, Joe McNeughton and Jack Pauntney, were members of the committee sponsoring the carnival. (Pictures courtesy the Rimbey Record).

Highway Should Be Completed

Just what work will be done on Highway 23 this year will soon be known, now that the legislature is in session.

Certainly the least that should be done is the laying of the base course from Vulcan to the Corner Store 12 miles north. We would very much like to see this highway given a little priority for a change and further hard-surfacing done this year aiming towards an early link-up with the four-lane highway east of High River. The amount of re-building needed on the stretch between the Corner Store and the four-lane highway must be considered, of course, but some effort should be made to improve the average of 12 or 15 miles per year—which is the rate at which this highway is being hard-surfaced.

No. 2 Highway from High River south is in rough shape and carrying a tremendous traffic load. Early completion of an alternate hard-surfaced route, via Vulcan, would be a logical and sensible move.

Appeal For Humanity

It has been said that the work of the Red Cross is "people helping people."

Through its long history of doing good the Red Cross has never been concerned about a lack of volunteers. Here in Alberta more than 165,000 serve the Red Cross in one capacity or another. They range from our youngsters, who participate in Junior Red Cross activities, to hundreds of women in the twilight of life who willingly knit and sew long hours for the Women's Work Committee. There are thousands who are regular blood donors of the Canadian Red Cross. Most Canadians financially support the Red Cross.

The people who volunteer their time, talent and energy for the Red Cross come from all walks of life, have varied religious beliefs, and political opinions. They are of many colors and many nationalities. In turn, the work they do is done in the traditional manner of the Red Cross and benefits mankind regardless of color, creed or political belief.

Those of us who are unable to actively participate in the Red Cross do have an opportunity to share. We are able to do so through our dollars! Our generosity this March will keep the Red Cross ready to give help whenever and wherever it is needed.

MARKETING BOARDS

At the present time many farmers and farm organizations are interested in seeking all available information concerning marketing boards. Farmers generally appear to be taking a more active interest in the marketing of their products. A very informative bulletin on marketing boards has been written by Dr. William Mackenzie, Associate Professor, Department of Political Economy, University of Alberta and Leonard E. Poetschke. In every province in Canada legislation has been passed which permits farmers to control the marketing of certain products through boards elected by them. The boards may negotiate the price of the product, or sell the product through an agency. There is wide variation in the powers granted to them, and in the use made of powers available. Some boards handle products through a considerable part of the marketing channel, while others negotiate only the initial price to the producer.

As well as an outline and history of legislation on producer market-

ing boards in Canada, the report contains charts that show clearly the delegation of powers under marketing legislation of the various provinces. The evolution and operation of marketing boards in British Columbia and Ontario are discussed and similar information is presented for other regions. The object of the publication is well stated in the introduction. "It is not the purpose here to debate whether or not farmers should be allowed to have the powers to bring about compulsory marketing," the authors say. "The powers have been granted, and in what follows, it is the nature and extent of those powers which is examined. The use made of them by boards formed in the various provinces of Canada is also considered. The purpose is to put together an account of the development and use of legislation on marketing boards so that some assessment can be made of the degree to which the powers granted have led to more efficient marketing." The bulletin, "The Development of Producer Marketing Boards in Canadian Agriculture," may be obtained by writing The Department of Extension, Edmonton.

DEFENCE

WARDEN SERVICE No. 4

The all-embracing quality the warden must have is leadership. It will be to those who have this quality that people will turn. It is therefore necessary to draw these people into the Warden Service.

Because of the nature of his duties, the warden's training must be planned to give him complete confidence in his work and equip him to do justice to his responsibilities.

The Warden Service must also be prepared to co-operate with all the other services within the Civil Defence Unit.

Without detracting from the importance of any other service in Civil Defence, it will be seen that the warden has by far the most onerous job, but it is also the most rewarding one.

In conclusion we must emphasize that the Warden Service is the key to the successful evacuation of a target area, or the successful operation of a reception area and this area could easily become one or the other or both.

Folks around here have some entertainment to look forward to. The Home and School are putting on a three-act play, "The Path Across the Hall." Players are hard at work practising now as the play opens in Milo on March 17, then will be in Lomond on Friday, March 21. There will be no dance after the play as had been planned at first.

Shows seem to be drawing a poorer crowd here each Saturday. It seems there are so many other activities around late Saturday evening, such as showers, dances and card parties that something must suffer. It's too bad in a way that things conflict as there have been some very good shows lately and very few to see them.

Miscellaneous Shower
A very lovely miscellaneous shower was held in the Lomond Community Hall on Wednesday afternoon, March 5, in honor of Miss Doreen Bahler (bride-elect). The Birthday Club had an am-

SEED TREATMENT PAYS

The treatment of smut and other seed borne diseases has come a long way since the days when the use of formaldehyde was standard practice and there are available today a number of reliable organic mercury chemicals for the treatment of seed which give very satisfactory protection at relatively small cost per bushel. In addition, there is now protection in the form of dual purpose treatments, against seedling blight, root rot and wireworm damage. Plan to use one of these seed treatments this spring.

The first aid kit and insurance both have important roles to play in the event of accidents.

Each year, the companies writing accident and sickness insurance in Canada pay out more than ninety million dollars (not including automobile accident costs) to policyholders—a mighty bulwark against unusual financial strain.

It is far better, though, to prevent accidents and mishaps, rather than to deal with the treatment of their serious—and often tragic—after-effects. That is why insurance companies are constantly seeking ways to stem Canada's mounting accident toll.

Safety pays dividends... saves lives, helps to lower your insurance costs. Be Careful.

The winners in the Brant Mixed Curling Bonspiel are as follows: First Event, 1st, Don Schultz and 2nd, Wm. Burley; Second Event, 1st, Floyd Olsen and 2nd, Ernie Green. Prizes were donated by Calgary Builders, T. Eaton Co., Hudson Bay, Calgary Power and Imperial Oil Co.

served a delicious lunch with Mrs. Ernie Green furnishing the nicely decorated birthday cake.

Brant square dance took place Friday evening and was a successful event with square dancers present from the different districts and towns as far as Claresholm and Calgary, swinging to the music supplied by the caller, Ken Dolan of Calgary.

Mr. and Mrs. Benny Ball are home from their month's holiday by air from Vancouver to Honolulu and Hawaiian Islands. They reported having a most enjoyable scenic holiday, anyone could wish to have, with warm sunshiny weather, 70 to 79 degrees all the time they were there. The only disappointment, says Benney, no natives with grass skirts. But they managed to buy a couple of skirts as souvenirs. They found the natives very friendly and courteous. They flew to the Hawaiian Island, where they saw the volcano craters and large fields of beautiful orchids. They saw so many different varieties of flowers and even trees in bud, a little early for blossoms. All in all it was a lovely trip.

Congratulations to Mr. and Mrs. R. O. McDonald on the birth of their first child, a son weighing 8 lbs., 7 oz., on Sunday at the High River hospital.

PROVINCIAL GOVERNMENT GRANTS

CITIES, TOWNS AND VILLAGES

Alberta's cities, towns and villages need money to provide diversified services for residents. This money is derived mainly from two sources—municipal taxes and Provincial Government Grants.

The 1956 municipal levy in cities, towns and villages in Alberta was \$45,382,855.35 which, added to the Provincial Government Grant of \$31,816,625.51 equalled a total of \$77,199,480.86.

Provincial Government municipal grants are paid directly to the cities, towns and villages concerned.

School Grants are paid directly to the School Districts and Divisions and Hospital Grants are paid to hospital authorities.

	100 %
Total Grants and Taxes	\$77,199,480.86
Total Taxes	\$45,382,855.35
School Grants	\$17,905,233.88
Municipal Grants	\$ 8,178,855.06
Hospital Grants	\$ 5,732,516.57

* To express these grants in terms of their assistance to a municipality, school grants are pro-rated on an assessment basis. Hospital grants are pro-rated on a provincial per-capita basis. The resulting figures are therefore considered an approximation.

Provincial Government Grants to Alberta counties and municipal districts will be discussed in the next installment in this series.

COTE — MacLENNAN

Of Vulcan district interest was a double-ring ceremony which took place Saturday, Feb. 8, at Knox United Church, Calgary, when Glenda Mae, daughter of Mr. and Mrs. Glenn MacLennan of Calgary, formerly of the Vulcan district, became the bride of Charles Wesley Cote, also of Calgary, but formerly of the Blackie — Carleton Place area. The groom is the son of the late Mr. and Mrs. Charles D. Cote. The officiating minister was Rev. George McLeod. Cyril Mossop was organist. During the signing of the register, Miss Imogene Thompson sang, "The Wedding Prayer."

Given in marriage by her father, the bride wore a model gown of chintilly lace and net over crinoline. The gown featured a strapless bodice, topped with a matching lace jacket. The bouffant skirt featured tiers of lace and net. To complete the ensemble the bride chose a matching head-dress of lace decorated with sequins, and a fine illusion veil. She carried red roses with streamers of white ribbon entwined with small rosebuds.

The bridal attendants, Miss Denise Cote and Miss Judy Tiegen, wore gowns, styled on similar lines, in aqua and orange ice, respectively. Sandra MacLennan, sister of the bride, as flower girl,

wore a pale blue dress of lace and net with a bouffant skirt. The bridal attendants all wore matching headpieces and carried white carnations to their dress. Arthur MacLennan, was the groom's best man, as was also Glen Lausen. Alan Martin and Jerry Lawlor ushered the guests. A reception was later held at Andy's Ranch Room, with Jack Thurber proposing the toast to the bride. The toast to the bridesmaids was presented by Arthur MacLennan, who acted as master of ceremonies. Miss Imogene Thompson sang, "God Made You Mine", accompanied by Miss Mary Lauwerysen. The bride's mother wore champagne net over taffeta dress with pink accessories and a corsage of pink carnations. The groom's grandmother, Mrs. Caroline Rydberg, chose a navy blue dress with large white collars and cuffs with white accessories and a corsage of pink carnations.

For a going away ensemble the bride chose a champagne suit and matching cape with bronze accessories, and a corsage of yellow and brown orchids.

Following a honeymoon to points in the western United States, Mr. and Mrs. Cote will reside at the Bowwing manner, on Kensington Road and 24th Street, N.W., in Calgary.

John Beagle of Calgary was a recent visitor at the home of his parents en route to Vancouver for a two-week holiday.

PHILLIPS — BEAGLE

The Church of the Brethren, Arrowwood, was the scene of the recent afternoon marriage of Miss Marvina Gladys Beagle and Douglas Allan Phillips with Rev. W. B. McDaniels of Arrowwood officiating.

The bride, a graduate nurse, is the elder daughter of Mr. and Mrs. Don Beagle and the groom is the elder son of Allan Phillips and the late Mrs. Phillips—all of Arrowwood.

The altar, to which the bride was escorted by her father, who gave her in marriage, was centered with a large fern banked with large bouquets of yellow daffodils and heather flanked by white cathedral tapers.

The bride wore a floor-length gown of white nylon over taffeta featuring petal-point sleeves and lace bodice with Sabrina neckline. The bouffant skirt tiered with net edged in lace was poised over satin and crinoline. Her finger-tip veil with appliques of lace motifs and rhinestones fell from an embroidered lace head piece highlighted with iridescent sequins. She carried her white nurse's Bible topped by a floral arrangement of red roses and white hyacinths knotted with white satin. The bride's only jewelry was a double strand of pearls.

Miss Myrna Beagle, sister of the bride, was maid of honor and Miss Maureen Phillips, sister of the groom, was bridesmaid. The duet wore identical gowns of taffeta, waist-length, with the maid of honor in orchid carrying yellow carnations with green tulle and ribbon. The bridesmaid wore daffodil carrying mauve carnations with green tulle and ribbon. They wore rhinestones, matching gloves and net head pieces with leaf motifs.

Murray Phillips, cousin of the groom, was best man. Ronald Phillips, brother of the groom, was groomsman. Cuests were ushered by Tom Kuntz of Cluny and Gordon King.

Miss Jerry Johnson of Calgary was soloist, accompanied by Mrs. Hurley Williams at the piano. Prior to the ceremony she sang, "Oh Promise Me." Mrs. W. B. McDaniels presided at the organ.

The dining room of the Community Hall was the setting for a reception for 120 guests which was catered to by the Ladies' Aid. This was decorated with bouquets and tapers. The head table was centered with a three-tiered wedding cake which was made by the mother of the bride, Miss Danelle Williams was in charge of the guest book. Rev. William Morrison of Gleichen said grace.

Dayton Williams, cousin of the bride, proposed the toast to the bride which was responded to by the groom. During the reception, Miss Johnson sang, "Because" and Miss Beagle and Miss Phillips sang "True Love."

For a honeymoon trip to U.S.A., the bride changed to a suit that matched the groom's, which was medium blue matched with white accessories and a corsage of red carnations.

Upon their return, Mr. and Mrs. Phillips will take up residence in Arrowwood.

THE PARKING PROBLEM

The following verses, written by a farmer's wife, appeared in one of our exchanges. Seems to us the sentiments expressed by the irate lady have a familiar ring.

I'm just one of those country hicks,
Who came from way out in the sticks
To voice my woe and make a plea
For all the other boobs like me.
We work like neck six days a week
And when we're done we like to streak
To our home town to buy our cats
And meet our neighbors on the streets;
We can't take off no working day,
And if we do there's heck to pay;
You folks in town don't do that way.

You do your buying every day,
And that's why I don't think it's right.
To hog the streets on farmers' night.
You've got your cars parked on the street
Before we folks sit down to eat;
Then we must stop hogs and feed the sows;
Coax all the juice from bossy cows;
Pick up the eggs, coop up the hen;
Shave off the whiskers (if we're men)!

Crank up the flivver, give her juice
Then start for town—but what's the use?
The cars are lined far up and down
With cars of folks who live in town;
Who seem to think it's quite a treat
To see the "rubes" stagger up the street
With butter jars and eggs and cream;
But, say, it takes a lot of steam
To lug that stuff six blocks or more.
You walk until your feet get sore,
Your shoulders ache, you're seeing red,
You wish that you were home in bed;
It's our town too, so please be fair,
There;

You've watched us long enough to see—
We need a parking place, by gee!

Social Security

LAWRENCE E. KINDT
Diefenbaker Candidate

Your Diefenbaker Candidate, Lawrence E. Kindt, will work for the creation of a "Social Security System" in Canada, which will provide a reasonable standard of living in retirement, and remove the fear of want in old age.

Prime Minister Diefenbaker: "I believe it will not be very long before we will be in a position to introduce in the new Parliament a contributory social security system." (Extract from "The Albertan", issue February 27, 1958.)

To employees of corporations, or self-employed people, which includes barbers, store-keepers, farmers, merchants and people in all walks of life, this is probably the most important announcement made in recent years.

The institution of a national system of contributory pensions, or social security, to which the employee, employer and state each contributes would be regulated to yield an adequate pension, a pension on a scale no present system can reach.

This is not some unworkable proposal. It is in successful operation in the United States, Great Britain, Sweden and other countries. In those countries the system has become one of the stabilizing elements in the economy.

Your aid in electing Dr. Lawrence E. Kindt the Diefenbaker Candidate, is so completely in your interest that your support and influence should be used toward his election on March 31.

MAJORVILLE

Wendy and Rhetta Wellman are staying with their aunt, Mrs. Bob Scott, while their mother is in hospital with a new baby sister. We add our best wishes to Mr. and Mrs. Wellman on the birth of their daughter.

Also of interest is the birth of a daughter to Mr. and Mrs. Ernie Klemmele of the Kinnondale district near Bow City.

Protein is essential for meat and milk production. A ton of unfertilized grass hay contains approximately 100 lbs. of protein. Application of high analysis Elephant Brand Fertilizer can double this figure to give you 200 lbs. of protein in every ton!

Most protein feed supplements contain 32 per cent protein, and cost up to five cents per pound. On this basis, the increased protein content resulting from the use of Elephant Brand adds \$15 to the value of every ton of forage . . . plus extra profits from faster growth and more abundant yields!
